

## STACKED SEGMENT DISTRIBUTORS

- ◆ Slot Size : Standard .010 - .013 or Fine Mesh .007-.010.
- ◆ Riser pipe sizes: 1.05", 1.32" or 32mm.
- ◆ Made from high-impact FDA grade ABS material.

These stacked segment distributors consist of individual segments held together with stainless steel screws. They are designed to be self-cleaning during backwash to remove any possible fines that may accumulate on the distributor. Distributors can be easily bonded to PVC, ABS, or HIPS riser tubes.
