

HYDRONIX™
 WATER TECHNOLOGY

MRH SERIES
Stainless Steel Filter Housings

- Swing bolt closure for quick and secure filter change
- Accepts DOE and 222 style filters
- Heavy duty 304 or 316 stainless steel for durability available
- Legs are standard

HYDRONIX MRH SERIES SS FILTER HOUSINGS

Are ideal for most industrial/commercial applications. Our welded leg design as a standard, not "optional" feature, eliminates the added expense to your application. Commonly used for pre-filtration to reverse osmosis (RO) systems, farms, food service, car washes, agriculture and many other uses.

HYDRONIX MRH SERIES SS FILTER HOUSINGS

Use a high grade 304 stainless steel as standard not "L", which is a lower grade stainless steel like most other manufactures. Our housings easily accept Hydronix SDC, DP and AR Series Cartridges. With our wide range of models, options, and filter cartridges, these units can easily meet most any requirement.
